### **Misinformation & disinformation online and offline can affect us all.**

They are becoming increasingly difficult to spot and children don't always have the ability to question what they read, hear, see and experience online.

**From March 2023** teachers, parents and children in years 3 & 4 in Black Country schools will have access to free locally produced, Government-funded resources.

#### **From March 2023**

- 5 resources that focus on equality, inclusion, exploitation, safeguarding and responsibility.
- All resources accompanied with lesson plans and activities mapped to the RSHE/PSHE curriculum.

#### **From Summer term 2023**

- An additional 3 new resources that focus on misinformation and disinformation.
- All resources are also available for parents and carers.
- Ongoing support and guidance.

Our aim - for children, school staff and parents to adopt a healthy scepticism, a better understanding of misinformation and disinformation as well as strategies for keeping safe online and offline.
